

CITIZEN AIR FLIGHTSEEING

Port Angeles, Washington · KCLM · Pacific Northwest

AN HOUR, A LIFETIME OF VIEWS

From our hangar in Port Angeles, our pilots fly small groups over the islands, glaciers, and coastline of the Olympic Peninsula. Hand-crafted routes from an entirely different perspective.

AT A GLANCE

HUB

Fairchild Intl. (KCLM) · Port Angeles, WA

AIRCRAFT

Cessna 172 · Cessna 206 (1–5 guests)

LOOPS

45 minutes to 90 minutes

WHEN

Daily, weather permitting · year-round

01

The view, true to scale

Glaciers, sea stacks, and the islands laid out in a single hour.

02

A window for everyone

Two to five guests. A pilot who narrates the route as you fly.

03

On your schedule

Same-day and next-day departures. Sunset slots through the summer.

Operated under FAA Part 135.

SIGNATURE LOOPS

SIX WAYS TO SEE THE NORTHWEST.

Each loop departs and returns to Port Angeles. Choose a route, or ask a pilot to build one around the weather and the light.

01 Cape Flattery & the Wild Coast

West along the Strait of Juan de Fuca, around the Tatoosh lighthouse at the northwest tip of the lower 48, south down the Pacific sea-stack coast, home over the Hoh rainforest valley.

90 MINUTES · SEA STACKS, LIGHTHOUSE, RAINFOREST

03 Mount Olympus Figure-8

West to Lake Crescent, around the glaciated east face of Mount Olympus, back through Port Angeles, then east along the Sequim coast and out over the Strait. Two loops, one flight.

75 MINUTES · GLACIERS, LAKES, STRAIT VIEWS

05 Sunset over the Strait

A short evening loop to Dungeness Spit, out over the Strait, and back as the sun drops behind the Olympics. The first flight for many guests, and the best gift.

45 MINUTES · GOLDEN HOUR, IDEAL FOR FIRST-TIMERS

02 The San Juan Islands

North across the Strait into the archipelago. Friday Harbor, Roche Harbor, Stuart, Sucia, Orcas Island, Lopez Island. On clear days, Mount Baker and the Coast Range stand behind it all.

60 MINUTES · ISLANDS, LIGHTHOUSES, HARBORS

04 Mount Baker & the North Cascades

East across Whidbey and Bellingham Bay to the volcano. Mount Baker (10,781 ft) and the dramatic horn of Mount Shuksan, with glaciers tumbling toward the valley floor.

90 MINUTES · VOLCANO, GLACIERS, FJORD VIEWS

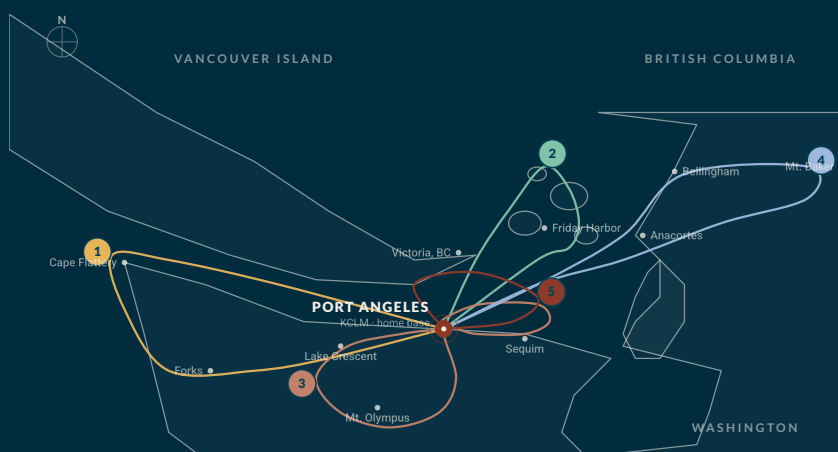

06 Custom Sightseeing

Whale-watching season, an anniversary, a proposal, a photography charter. Tell us what you have in mind and we will build the flight around it.

45 TO 90 MINUTES · YOUR ROUTE, YOUR TIMING

THE ROUTES

FROM ONE RUNWAY, FIVE HORIZONS.

All loops fly under VFR by day, so the route flexes with weather and light. Your pilot will brief the day's plan before you depart.

LEGEND

01	Cape Flattery	90 min
02	San Juans	60 min
03	Mount Olympus	75 min
04	Mount Baker	90 min
05	Sunset Strait	45 min
06	Custom	45-90 min
